- PSD CLOSURE.** PSD will close @ 1100 on Thursday, 17 July 2003 for a command function.
- DoD, DoL PARTNER TO SUPPORT MILITARY FAMILIES.** Secretary of Defense Donald H. Rumsfeld and Secretary of Labor Elaine L. Chao signed a Memorandum of Understanding (MOU) today at a ceremony at the Pentagon to promote cooperative efforts between the departments to improve the quality of life of servicemembers and their families, and to contribute to the quality of the American labor force.

The MOU provides a framework for a broad range of continuing efforts between the departments including three important areas: connections to the job markets in America's communities, involvement with labor laws that affect reemployment (i.e., training, unemployment compensation), and interest in states reciprocal licensing and certification requirements needed to qualify for employment.

"All of our people who serve are volunteers and we owe them a great debt of gratitude," said Rumsfeld. "If there s anything we can do to improve their lives and create a circumstance that's better for them is just enormously important. And this is one of them."

The agreement will help military spouses establish careers despite having to transition among job markets due to frequent relocations. It will also strengthen the DoL's efforts to support returning reservists job searches, employ America's job bank to recruit for military jobs, expand DoL's employment infra-structure to support military spouse employment, and encourage corporate America to hire returning reservists and military spouses.

"We are so proud of our men and women in uniform," said Chao. "Now it's our turn to support them by providing separating servicemembers, military spouses and veterans with the help they need to succeed in the workforce. We are committed to connecting these men and women with employers eager to tap their dedication, talent and skills."

Examples of the collaboration between DoD and DoL include: establishing One Stop Career Centers near major military installations (Norfolk, VA; San Diego, CA; Fort Campbell, KY), expanding opportunities for reservists and military spouses to access training and education grants, exploring options with states to offer unemployment compensation to military spouses, working across states to improve reciprocity for state certifications and licensing requirements to reduce employment lags, and targeting unemployment by establishing a military spouse unemployment index.

3. **TASK FORCE UNIFORM SURVEY EXTENSION.** On 13 June 2003 the OPNAV Task Force Uniform Charter encouraged Fleet participation in an on-line survey on Navy uniforms. This survey was designed to obtain fleet perspective on sea bag and uniform regulations from all ranks, genders, specialties and geographic locations. Originally scheduled to be accessible through 8 July 2003, the survey period has been extended to 31 July 2003.

Maximum participation is encouraged. To participate in the survey, visit BUPERS Online at <http://www.bol.navy.mil/>. Log-in instructions are available on the site. This is a rare opportunity to provide input that will be vital to help shape the future of our uniforms.

4. **ANNUAL WOMEN OFFICERS PROFESSIONAL ASSOCIATION SYMPOSIUM.** The Women Officers Professional Association (WOPA) will host its annual symposium 31 July 2003 to 1 August 2003, at the National Defense University, Fort Leslie J. McNair, Washington, DC. The theme for the symposium is "Courage Has No Gender" and will focus on integration as well as the experiences of women in Operation Iraqi Freedom and the War on Terrorism.

WOPA is a professional organization that fosters educational and career development while providing networking and mentoring opportunities for active, reserve and retired members of the sea services. Attendance is open to current WOPA members as well as other men and women serving as military officers, enlisted, or federal government employees. Issuance of TAD orders, to include registration, transportation and per diem is authorized. If funding is not available, permissive TDY orders may be issued. Materials, deadlines, cost and other information are available at the WOPA web site: <http://www.wopa.org/>.

6. **E-6 NAVY-WIDE PETTY OFFICER ADVANCEMENT EXAM INFORMATION.** Just a reminder, candidates for E6 will test 4 September 2003. Candidates have to meet requirements for advancement NLT 1 August 2003. Completion of Leadership Training Continuum (LTC) for E6 candidates must be before the regular administration of the exam. Personnel receiving a flag waiver must have this waiver prior to the exam date. Those personnel completing LTC or receiving a flag waiver after the regular scheduled exam are not eligible for a substitute exam. For those sailors whose final multiple is as high, or higher than the final multiple required for the March 2003 Exam, Board of Correction of Naval Records will backdate advancement to the increment corresponding with the time the Sailor would have been advanced.

7. **LEGAL NOTE: RECENT COURTS-MARTIALS THROUGHOUT THE NAVY.** At trial, an E-3 pled guilty to conspiracy, larceny, and house breaking in the barracks. The guilty shipmate stole a very expensive camcorder and backpack that was returned to its rightful owner. The military judge sentenced the E-4 to 55 months of confinement, total forfeitures, reduction in rate to E-1, and a Bad Conduct Discharge from the Navy.
